The One-Stop Operator will also provide direct services for WIOA Title I – Adult, Dislocated Worker and Youth as well as the coordination of Employer Services with the Green River Workforce Development Board (WDB).

1.2 Authority

The WIOA, the WIOA Final Rules and WIOA guidance notifications are available at www.doleta.gov/wioa. The previous authority, the Workforce Investment Act of 1998 and Regulations are available at www.doleta.gov/regs. In addition, WIOA state Policy Numbers 15-001, 15-002 and 15-003 are incorporated in 787 KAR 2:040. WIOA state Policy Numbers 17-001 and 17-002 are pending incorporation in KAR.

Pursuant to WIOA, WDBs must competitively procure the One-Stop Operator for the comprehensive KCC system. This procurement must meet the criteria as outlined in 20 CFR 678.605, ensuring an efficient and effective process is in place for the selection of the One-Stop Operator. The One-Stop Operator may also provide Direct Services as outlined in 20 CFR 678.625.

At a minimum, the One-Stop Operator must coordinate the service delivery of required One-Stop partners and service providers. In addition to the service delivery of the required WIOA six (6) core programs, the WDB may identify additional partner programs in the KCC system. The six core programs under WIOA create an

integrated, "One-Stop" system of workforce investment and education activities for Adults, Dislocated Workers and Youth. The required programs under WIOA include:

- Adult, Dislocated Worker and Youth – authorized under WIOA Title I and administered by the United States Department of Labor (USDOL),
- Adult Education and Family Literacy Act (AEFLA– authorized under WIOA Title II and administered by the United States Department of Education),
- Employment Service authorized under the Wagner-Peyser Act, as amended by WIOA Title III and administered by the USDOL, and
- Vocational Rehabilitation (VR) authorized under Title I of the Rehabilitation Act of 1973, as amended by WIOA Title IV and administered by the U.S. Department of Education.

In accordance with 29 U.S.C.A. §3151(d)(4)(A)-(C) and 20 CFR 678.600(e)(1)-(3), the WDBs shall ensure that in carrying out activities under this title, One-Stop Operators and Direct Services Provider—

- (A) disclose any potential conflicts of interest arising from the relationships of the operators with particular training service providers or other services providers;
- (B) do not establish practices that create disincentives to providing services to individuals with barriers to employment who may require longer-term services, such as intensive employment, training, and education services; and
- (C) comply with Federal regulations, and procurement policies, relating to the calculation and use of profits.

The WDB is proceeding with the Request for Proposal (RFP) process and will expect the selected One-Stop Operator/Direct Services Provider to accommodate the implications of the WIOA, WIOA Final Rules and relevant federal, state and local WIOA regulations, policies and advisories.

This RFP seeks proposals for entities to perform two (2) elements of workforce service delivery through the Green River Career Center network servicing the seven (7) counties of Daviess, Hancock, Henderson, McLean, Ohio, Union, and Webster. These elements are defined below:

1. Serve as the **One-Stop Operator** for the Green River Career Center network in all of the seven (7) counties listed above, including coordinating the services of One-Stop network partners at any full-service career center(s), affiliate career center(s), or other service outlet(s) in those counties. The One-Stop Operator will manage and provide oversight for services.
2. **Deliver Direct Services** to job-seeking individuals and employers through the full-service career center(s), affiliate career center(s), or other service outlet(s) associated with the Green River Career Center network in all of the seven (7) aforementioned counties.

The functions of the One-Stop Operator are closely interconnected with the provision of Direct Services; in addition, the funding available to support the functions of the One-Stop Operator is very limited; therefore, **the WDB has chosen to accept proposals only from entities that are able and willing to perform both functions. The WDB prefers to contract all of the combined services requested in this RFP to one provider in the WDA. Given that this would result in a single entity performing multiple functions, “firewalls” must be described in the application to address conflicts of interest or the appearance of conflicts of interest. Examples of firewalls include, but are not limited to, entity arrangements that provide clear separation of duties and responsibilities, including confidentiality and disclosure agreements.**

1.3 General Information

- A. Pursuant to 29 U.S.C.A. §3151(d)(1), the WDB with the agreement of the Chief Local Elected Official(s)(CLEO)(s), is authorized to designate or certify One-Stop Operators and to terminate for cause the eligibility of such operators. The WDB issues this RFP to procure a One-Stop Operator/Direct Services Provider to conduct staff operations with KCC personnel and staff of the KCC partners to deliver Adult, Dislocated Worker, Youth and Employer Services under the six core programs in WIOA and other applicable programs in the seven (7) county WDA. The WDB intends to be as inclusive as possible in this solicitation. The goal is to receive a wide variety of high quality, innovative proposals that meet the workforce development needs of the regional community at large.
- B. The duration of the contract awarded on the basis of this RFP will be one year (July 1, 2017 – June 30, 2018). However, based on successful performance, the WDB may renew the contract for an additional 2 years. The contract will be implemented as of July 1, 2017. - D. The WDB is seeking interested and qualified (private and public – for-profit and not-for-profit) entities, in accordance with 29 U.S.C.A. §3151(d) (2), in which are able to provide innovative, high quality services to Adults, Dislocated Workers, Youth and the employer community. The proposed services must meet the specifications of this RFP. The WDB anticipates contracting with an entity or consortium of entities that are familiar with WIOA, Workforce Investment Act (WIA) of 1998 and/or similar programs. The entity awarded the contract will be expected to quickly learn the WIOA and the implementing regulations. The organization selected should demonstrate the characteristics listed below.

- H. The WIOA provides the framework for a national workforce preparation system that is flexible, responsive, customer-focused, and locally managed. The WDB envisions a system that meets the needs of job seekers and employers alike.
- I. The RFP is not in itself an offer of work nor does it commit the WDB to fund any proposals submitted. The WDB is not liable for any costs incurred in the preparation or research involved in the development of proposals.
- J. Successful bidders must negotiate the proposal before the WDB will make any final commitment.
- K. All commitments made by the WDB are contingent upon the availability of funds and the WDB reserves the right to award an amount less than the total funds available for bid contained in this RFP.

WIOA funded programs are equal opportunity employers/programs. Auxiliary aids and services will be made available upon request for individuals with disabilities.

- M. By submitting a bid, all bidders are providing an assurance that they will comply with the above nondiscrimination and equal opportunity provisions.
- N. Funds available for bid are intended to result in a contract for the KCC One-Stop Operator/Direct Services Provider in the WDA for Adult, Dislocated Worker, Youth and Employer Services under the six (6) core WIOA and other applicable local programs.
- O. Bidders should note that under the requirements of the Kentucky Open Records law, the contents of your proposal or other information submitted to the WDB is subject to public release upon request, except those items specifically exempt from disclosure. The bidder shall mark as "proprietary" those parts of its proposal that it deems proprietary. However, the bidder is alerted that this marking is advisory only and not binding on the WDB. If there is a request from the public under Kentucky Open Records law to inspect any part of the proposal so marked, the WDB will advise the bidder and request further justification in support of the "proprietary" marking. If the WDB determines, after receipt of the justification, that the material is releasable, the bidder will be notified immediately. Under no circumstances will a proposal or any part of a proposal be released prior to the contract award decision.
- P. The specifications in this RFP may change based on issuance of state, federal regulations or policies. The WDB will work with the successful bidder to implement any changes required by the state or USDOL. By submitting a proposal, the bidder agrees to work cooperatively with the WDB to comply with subsequent changes.
- Q. By submitting a proposal, the bidder certifies to his/her knowledge and belief that there is no conflict of interest (real or apparent) inherent in the bid or in delivering the scope of work if the WDB awards a contract. A conflict of interest would arise if any individual involved in the preparation of this RFP, proposal review and rating or award decisions has a financial or other interest in or represents the bidding organization and would be likely to gain financially or personally from the award of a contract. The same would hold true for any member of the individual's family, partner or an organization employing or about to employ any of the above as a direct result of the successful award of a contract under the RFP. The WDB reserves the right to disqualify a bid should a conflict of interest be discovered during the solicitation process.
- R. The successful bidder will be required to maintain a local One-Stop Operator management office within the WDA and may be located in one of the KCCs. Additionally, the successful bidder will provide WIOA Title I services in each of the KCCs and other services outlet(s) within the WDA.
- S. - T. The bidder assures that it will not subcontract significant programmatic functions to other entities if awarded a contract to be the One-Stop Operator and Direct Services Provider in the WDA. Programmatic subcontracts require prior approval of the WDB.

- U. The bidder assures that if awarded a contract by the WDB, it will comply with any local, regional, state and federal program and financial monitoring.
- V. Bidders are prohibited from contacting or discussing this RFP with members of the WDB and Local Elected Officials (LEOs). Such contact will result in disqualification of the bid.
- W. All proposers must demonstrate existing capacity and commitment to –

 - Serve the KCC target populations,
 - Operate cost-effectively,

 - Meet state and local performance standards.

1.4 Role of One-Stop Operator-KCC Partner Collaboration

- A. Collaborate with the KCC partners to create, maintain, update and implement the required Memorandum of Understanding (MOU) and Infrastructure Funding Agreement (IFA), along with the WDB and its staff, so that all partners are actively participating via on-site or through technological means and contributing their fair share of the costs associated with the workforce system; bring integrated and additional services to the KCC. Additionally, enter into a MOU relative to these services and to the financial agreements with partners for cost sharing in accordance with WIOA. Provide leadership and coordination for the integration of partner services into the KCC system.
- B. Improve customer access to the KCC partner services through implementing a common intake, common application, and common case management and referral process as required under WIOA. Strive to streamline services and minimize duplication.
- C. Work with the WIOA youth services providers (if applicable) to familiarize Youth with the full array of KCC services and determine appropriateness of co-enrollment, particularly for Out-of-School Youth (OSY) prioritized under WIOA.
- D. Leverage additional funding streams including those that support training, as well as in-kind and monetary contributions from regional organizations and businesses.
- E. Collaborate with other pertinent organizations in the community to meet the needs of customers.
- F. Collaborate with the WDB to implement workforce development system initiatives and specific grant activities for which the WDB and the KCC system participation has been required in the grant applications and subsequent funding.
- G. Collaborate with the state, the local grant sub-recipient (GRADD) and KCC partners as necessary to implement state-generated initiatives related to KCC services. Prior examples of such endeavors are One-Stop Certification, Branding and Identity, Sector Strategies, National Career Readiness Certificates (NCRCs), Eligible Training Providers, Work Ready Communities, Business Services Redesign, Partner for Success, and the Workforce Academy.
- H. Foster a culture of collaboration and excellent customer service among One-Stop partners that promotes delivery of the innovative, high quality workforce development services to all customers of the

workforce development system, including Adults, Dislocated Workers, Youth (both in-school (ISY) and OSY) and employers. The One-Stop system in the WDA should be driven by the needs of community employers.

- I. Convene and lead regularly scheduled meetings of One-Stop partners that facilitates integrated partnerships that incorporate seamless services for common customers and ensure the system's staff are well-trained, equipped and operating in a continuous learning environment with the skills and knowledge needed to provide superior service and evaluate process through shared goals.
- J. Serve as a resource for staff of all partner agencies in regard to the objectives, processes, requirements and regulations of WIOA and the workforce delivery system.
- K. Serve as liaison on the Career Center Management team and act as liaison with KCCs and other service outlet(s) and career center partners.
- L. Provide support, assistance and resolution to all staff in response to collaboration issues, facility needs, safety considerations and other issues or concerns.
- M. Provide direction for team leads of the partners and function-based groups.
- N. Additionally, if the Governor chooses to so require, the One-Stop Operator must also collect specific performance information from providers of on-the-job training, customized training, incumbent worker training, internships, paid or unpaid work experience opportunities, and transitional employment; and use the information to determine whether the providers meet the performance criteria required by the Governor.

1.5 Role of One-Stop Operator-Performance Measurement & Continuous Improvement

- A. Meet or exceed all WIOA performance measures included in WIOA and federal regulations. Under WIOA these performance measures are more important than ever as they not only inform Congress and federal agencies, but also the general public under requirements for public disclosure websites; and furthermore are factored into initial and periodic certification and re-certification of the local areas and One-Stop designations.
- B. Ensure ongoing improvement of KCC services. Improvement should focus on, but is not limited to, program utilization, performance outcomes, customer satisfaction, and cost effectiveness.
- C. Establish a program of staff capacity building, within and across partners. Collect and analyze appropriate data for quality assurance, continuous improvement and reporting purposes. Facilitate the sharing and maintenance of data.
- D. Implement process and schedule for reviewing and analyzing performance data internally, with partners, the WDB and its staff. This will allow for identifying areas to target for improvement, diagnosing causes of failure to meet performance standards, planning changes to improve performance, implementing changes and monitoring the results. Promptly develop solutions to address any identified problems in day to day operations and continue to apply corrective actions until performance meets standards.
- E. Ensure cross-training and development plans are established for the staff of partners within the WDA.

1.6 Role of One-Stop Operator-Outreach and Recruitment

- A. Implement an outreach, marketing and organizational collaboration strategy to enroll Adults, Dislocated Workers and Youth in WIOA services and to meet performance standards. Proactively establish and develop relationships and networks with all size employers and their intermediaries. Manage enrollment of Adults, Dislocated Workers and Youth into WIOA services to maximize funding allocations for Adults, Dislocated Workers and Youth. Work with the WDB leadership as well as the Local Grant Sub-Recipient (GRADD) to ensure the efficient use of training dollars. Consistent with WDB policy, the goals are to: (1) help the largest number of customers become enrolled and succeed in training and ultimately secure sustainable employment, and (2) strategically recruit employers consistent with the goals of the regional and local strategic economic plans.

1.7 Role of Direct Services Provider

- A. Direct Services are workforce development services that help WIOA eligible individuals prepare for, obtain and succeed in self-sustaining employment, and help area employers find, train, and hire needed workers. Eligible individuals include Adults, Dislocated Workers, and Youth (both ISY and OSY) who qualify for services under a variety of programs and funding streams administered by the WDB. These funding sources may include: the WIOA, the Trade Act (if applicable) , a variety of National Emergency Grants (NEGs) from the USDOL; grants from other United States federal departments; grant partnerships with the Commonwealth of Kentucky; private foundation and/or trust grants; and other public or private funds. By submitting a proposal, the applicant assures the WDB that: the applicant will provide appropriate Direct Services in the WDA under any of the WDB's current or future funding sources, as requested. The applicant will work cooperatively and effectively with any entities that partner with the WDB in grants that include the WDA.

B. Direct Services include:

1. **Career Planning/Coaching** — The WDB's service model for the Green River WDA is anchored by the career planners employed by the entity and their direct interaction with clients via face-to-face meetings, video conferencing, phone conversation, or other technology assisted conversations. Career planning services are a client-centered approach, the goal of which is to facilitate the client's preparation and strategic planning for his/her career using the appropriate workforce development services and activities that may be needed and are available. Career Planners provide case management, job and career counseling throughout the client's active engagement of services, including after the client obtains employment (required follow-up services).

In addition to working with clients already enrolled in Direct Services, Career Planners are also responsible for conducting outreach, promoting workforce services and recruiting new clients within the seven (7) county area. Career Planners must work closely with workforce partner agencies, educational institutions, other community organizations and local governments to ensure that all potential clients are aware of the workforce services available.

The successful bidder will be required to provide Career Planning/Coaching services to clients who are co-enrolled and approved for training services under the Trade Act (if applicable).

SPECIAL NOTE: Services to Youth include working with both ISY and OSY. At least seventy-five percent (75%) of funds allocated to Youth services must be spent on OSY. The remaining twenty-five percent (25%) can be spent on ISY (only at the discretion of the WDB). Twenty percent (20%) of the allocated youth funds must be spent on work-based learning opportunities. All Youth services must be customer focused and based on the needs of the individuals. WIOA requires that fourteen (14) Program Elements be made available to all Youth who are served by using WIOA funds (Section 129 (c) (2) (A-M). “Make available” does not mean that every Youth participant must receive services from all program elements; it means that Youth have access to these services if they require them to meet their goals. These can be provided directly or through referral.

2. **Employer Services** The successful bidder will be required to have staff designated to coordinate Employer Services with the WDB. This will include: working with employers within the seven (7) -county area to develop action plans to meet local employers’ needs. It will be necessary to work collaboratively with employers, educational institutions and local partners to ensure that opportunities are aligned with the high demand/high growth sectors identified by the KWIB and the WDB. A current list of the identified sectors can be found below. It is important to note that the WDB will conduct future labor market analyses that may result in different industry sectors being identified. The successful bidder will then be required to re-align its Employer Services efforts to the newly identified sectors.

Business & IT Services
Construction
Healthcare
Advanced Manufacturing
Transportation & Logistics

As a part of their involvement with career opportunities and alternatives for their clients, Career Planners must communicate with local employer service representatives and maintain an awareness of local and regional employers and workforce needs.

The successful bidder will also be required to assist with Rapid Response services to employers as defined in WIOA.

To provide these Direct Workforce Services, successful bidders will need to provide the following components:

1.8 Role of Direct Services Provider-Required Staff

A. Required Staff – The staff required to deliver Direct Workforce Services includes:

1. **Career Planners** — Career Planners will be the primary contact for job-seeking clients and will provide the career planning and case management services described in this RFP.

Career Planners are the central and most important component of the workforce development network. Career Planners work with job-seeking clients to understand their circumstances, aptitudes, skills, interests, barriers, and career objectives, and then use all of this information to place or refer those clients into the services that will carry them to their career objective: an appropriate and self-sustaining job. Career Planners will connect clients with many of these

services through knowledgeable referrals to partner agencies within the workforce development network. Even after referring clients to other service providers, Career Planners are expected to stay in close touch with their clients and consistently be a part of each client's decision making and problem solving process.

The Career Planner will build effective, trust-based relationships with clients that result in quality job placements, while both maintaining current knowledge of the labor market and demand occupations in the service area and nurturing ongoing, communicative partnerships with other entities within workforce development, training, and education.

The successful bidder will need to designate one or more Career Planners to facilitate Job Seeker Workshops who will be responsible for the execution of workshops within the WDA. The bidder will be required to publicize the local Job Seeker Workshops, recruit attendees, arrange for employer engagement and participation, and facilitate the actual Job Seeker Workshops. These workshops may be adapted to local needs with the involvement of employers and other community partners.

The successful bidder will be required to designate a Career Planner to coordinate Employer Services with the WDB as indicated in Section 1.7 (2). 26. Legal, Accountant, and Consultant Fee Limitations: All legal, accountant and consultant fees shall be in accordance with 2 CFR part 200 section 200.435.

2. Adhere to 29 C.F.R. §97.34 if any copyright material is developed in the course of or under this contract. The Federal Government reserves a paid-up, nonexclusive and irrevocable license to reproduce, publish or otherwise use, to authorize others to use for federal purposes: i) the copyright in all products developed under the grant, including a subgrant or contract under the grant or subgrant; and ii) any rights to copyright to which the grantee, subgrantee or contractor purchases ownership under an award (including but not limited to curricula, training models, technical assistance products, and any related materials).
