Camp Breckinridge Museum and Arts Center

In the heart of Western Kentucky, this is a truly unique place that offers a fascinating piece of history at the same time an amazing work of art. Step back in time to the era of World War II and the ageless art of German POW Daniel Mayer. His art will awe you as you enter the breathtaking ballroom of the WWII NCO Club at Camp Breckinridge.

In July, ConnectGRADD expanded high-speed coverage in western Union County and now offers speeds up to 12Mbps for multiple video stream service in areas north and west of Sturgis, stretching to the Henshaw community. High-speed services have also been added in parts of Hancock and Daviess counties served by the Indian Hill Road tower.

Improvements to speeds and services are ongoing throughout the area, with more site upgrades scheduled to continue in August. To check on upgraded speeds in your area, call Q-Wireless at 877-472-3341.

The GRADD Executive Committee met at the Bill Monroe Museum in Rosine KY on Wednesday July 11.

The guest speaker was Commissioner Ray Leathers with the Department of Workforce Investment.

The museum is open to the public M-F 10 - 4. Visit their website for more information <http://www.billmonroemuseum.com/>
