Regional Transportation Committee

The Green River Area Development District (GRADD) Board of Directors established and maintains the Regional Transportation Committee (RTC) as a major component of the Public Participation Process. It was created to provide assistance to the Board in the formulation of regional transportation policy, provide a forum for elected officials to work together in solving regional transportation problems, act as an advocacy body on transportation related matters as needed, act as a data and information base for the public-at-large and to provide legislators with the information necessary to make equitable legislative decisions, provide a forum for local public involvement into the regional planning process, provide local transportation officials the opportunity to prioritize transportation projects, and to provide input for the Kentucky Transportation Plan. The committee includes a broad-based representation of various stakeholders and interested parties.

The GRADD Regional Transportation Committee has established the last Wednesday of every third month at 9:00 a.m. CST as the regular meeting time. The meetings are generally held at the GRADD office at 300 GRADD Way in Owensboro, Kentucky. Occasional meetings are held in one of the seven counties represented within the GRADD.
