

GET THERE TOGETHER.

KENTUCKY'S 2022-2045 LONG-RANGE STATEWIDE TRANSPORTATION PLAN

The mission of the Kentucky Transportation Cabinet (KYTC) is to provide Kentuckians and travelers with a safe, efficient, environmentally sound and fiscally responsible transportation system. Our transportation network extends beyond bridges and highways and must meet the needs of the Commonwealth's diverse and growing population.

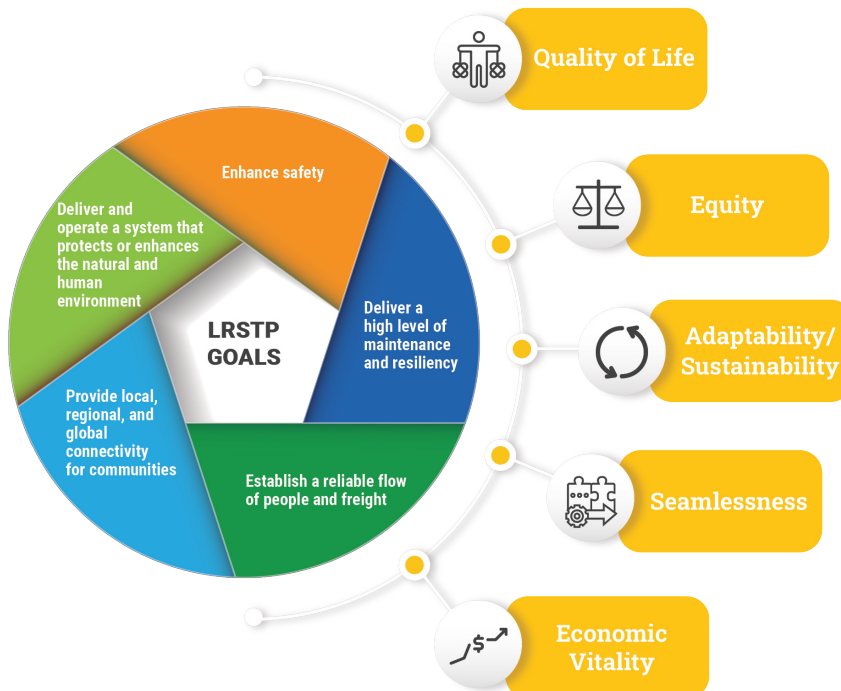

KYTC's Long-Range Statewide Transportation Plan (LRSTP) is a planning document that identifies the goals, policies, needs, and analysis tools that set the direction of Kentucky's multimodal transportation system toward 2045. Transportation keeps us connected to what matters most.

In the Spring of 2021, KYTC initiated the effort to update the LRSTP. The 2022-2045 LRSTP is an important opportunity for all Kentuckians to weigh in on the state's long-term multimodal vision and help adapt to changing needs that impact our transportation system. We are excited to announce the Draft Kentucky 2022-2045 LRSTP is completed and ready for your review!

What's in the Plan?

The LRSTP is a policy plan with a scope of over 20 years that sets the vision for state transportation across all modes and defines the goals, objectives, and performance measures for the system's development, maintenance, and operations. The LRSTP includes a transportation inventory, forecasts, and analysis of trends, issues, and possible future scenarios affecting all modes of transportation throughout Kentucky.

Public and stakeholder engagement early in the planning process generated the input necessary for the creation of the **LRSTP Vision for a viable, reliable, and resilient multimodal transportation system to provide access and mobility for all users for the safe movement of people and goods.** The supporting LRSTP Goals and Guiding Principles guided the development of Kentucky's future multimodal transportation system.

Help Us Get There

Visit GetThereTogetherKY.org to:

- ▶ Access the Draft Kentucky 2022-2045 LRSTP.
- ▶ Share comments and feedback on the survey from October 3rd - November 3rd, 2022
- ▶ Find where printed copies may be viewed at various transportation planning locations nearest you.
