## Hazard Mitigation Planning Survey

The Green River Area Development District is seeking public participation in a Disaster Planning survey across the GRADD region. We have created a 16-question survey giving anyone who lives or works in Daviess, Hancock, Henderson, McLean, Ohio, Union, or Webster Counties the chance to offer their input. The survey is seeking respondents' thoughts and ideas on three areas of Hazard Mitigation:

- Natural Disaster Information;
- Community Vulnerability; and
- Disaster Preparedness.

Participants will have the opportunity to offer their thoughts on the biggest disaster threats in the community, as well as assess how prepared they are to respond in the event of a disaster.

- Attached is a list of websites where the survey can be found.

The survey should take less than five minutes to complete. For more information, please contact Blake Edge at 270-926-4433 or [blakeedge@gradd.com](mailto:blakeedge@gradd.com).

*The Green River Area Development District (GRADD) is a regional planning agency serving the communities of Daviess, Hancock, Henderson, McLean, Ohio, Union, and Webster Counties. GRADD offers assistance in the fields of aging, health, and social services; community and economic development; transportation planning; and workforce development. Our mission is to afford local governments and citizens a regional forum to identify issues and opportunities, and to provide leadership in planning and implementing programs to improve the quality of life in our district.*

In addition to the survey being at the addresses listed below, it is also available at:
